ORDER (#227.86) REGARDING:  
03/02/2015 227.00 MOTION TO PRECLUDE EXPERT TESTIMONY

The foregoing, having been heard by the Court, is hereby:  
ORDER: DENIED

Following a Porter hearing on May 21, 2015, June 29, 2015 and June 30, 2015 involving the testimony of three experts, the court in exercising its gate keeping function finds that Dr. Lloyd's testimony is not based on "junk science" and further that it "fits" with the issues to be presented to the trier of fact in this action. The court is not convinced, at this point, that Dr. Lloyd's executed his scientific testing in so imperfect a manner as to make his testimony unhelpful to the trier of fact.
